

June 2019

Hi Everyone,

On June 7th Megan and I will be completing a Treat Day to show our appreciation for all of your hard work! On that day, we will visit all of the group homes to spend some time with you and the individuals and deliver some treats. There will be enough treats for all of the staff, so if you are not on shift when we arrive we will leave extras. We look forward to seeing those of you working on June 7th!

As a reminder, URSA has created a new game for employees to play and there is a prize for the employee with the quickest wit! Every quarter you must look for a riddle in the monthly HR update on the employee portal on the URSA website.

To participate in this contest, you must answer the riddle and send your answer together with your name to our Receptionist to be entered in a draw to win a prize. Be quick, you will only be given until June 7, 2019 to submit your answer.

Good luck and may wit be on your side!

I am a type of mammal
Whose height and strength are great
I have big paws and thick fur
In dark caves I hibernate
In URSA, I am a program.
When did it officially open?

- Hint: the answer can be found in a newsletter from last year

Sincerely,

Danielle Andrade
Human Resources Manager
